

Clear Tear-Seal

Clear Tear-Seal is soft, transparent polypropylene film that has been engineered to allow for easy weld and tear fabrication. Clear Tear-Seal is an exceptional material for applications requiring toughness, optical clarity, and a soft, vinyl-like feel. The film is often used with American Profol's Soft ProPlast® material to manufacture welded items such as three-ring binders and identification badge holders.

APPLICATIONS:

- Three-ring binder overlays
- Checkbook windows
- Photo wallet windows
- Identification badge holder windows
- Business card holder windows
- Pouches for packaging drill bits and other tools
- Pocket protectors
- Notepad holders
- CD sleeves
- Photo album pages
- Coin, stamp, and baseball card holders
- Menu covers
- Printing / graphics applications
- Artist portfolio cases

ADVANTAGES:

- Soft feel - suitable for vinyl replacement
- Optical clarity
- Smooth, high gloss surface
- Engineered for weld and tear fabrication (tear-away flange)
- Copy safe - will not lift print
- Acid free - contains no PVC
- Easy to weld using ultrasonic or thermal welding machinery
- Natural living hinge ability
- Easy to print
- Easy to coat with adhesives
- Good dimensional stability
- Excellent chemical resistance
- Recyclable

MANUFACTURING CAPABILITIES:

- In-line corona treatment
- Thickness range: 4 mil to 9 mil thick
- Standard web widths: 56" - 93"
- In-line slitting to custom roll widths
- Biodegradable available
