

ProCene

ProCene is a metallocene co-extruded cast polypropylene material engineered for excellent sealability with no angel hairs. It provides excellent printability and seal strength needed for your packaging solution.

APPLICATIONS:

- Bags and pouches for a variety of uses
- Hot knife sealing
- ProCene eliminates angel hairs

ADVANTAGES:

- Good optical clarity
- High gloss
- Excellent sealability
- Low coefficient of friction for easy feeding on high speed packaging equipment
- Easy to print and laminate

MANUFACTURING CAPABILITIES:

- Clear film is standard
- Custom colors are available upon request
- In-line corona treatment on one or both sides
- Thickness range: 1.2 mil to 5.5 mil thick
- Standard web widths: 56" - 83"
- In-line slitting to custom roll widths
- Biodegradable available
- FDA compliant grades available
